

Senior Leader

level 7

The Senior Leader programme is designed to prepare delegates for the changes in leadership expectations, including the cultural shift towards agile working, better management of information and analytics, and utilising new digital technologies. Through our programme, learners will be equipped to navigate these shifts effectively.

This training will enable business leaders to develop modern, strategic leadership skills and enhance personal effectiveness and resilience whilst building on their existing practical skills in management with the latest theoretical knowledge. From empowering teams and implementing organisational strategy, to navigating new ways of working and change management, the topics covered in this programme will ensure that learners are better equipped and better placed for career progression opportunities.

Learning Journey

This training programme is based on the [Senior Leader Apprenticeship Standard](#).

To provide an **immersive and varied experience**, the learning journey is made up of various teaching and learning methods, including practical and interactive workshops, project work, group work, and self-guided learning. Other teaching methods, such as flipped workshops, webinars and peer-to-peer learning, will also be used, if and when relevant.

Regular on-programme assessment can include assignments, presentations, reports, independent learning exercises, and building a portfolio of evidence. Every learner will also have regular progress reviews with their programme lead.

The **End Point Assessment** for this programme consists of two components: a strategic business proposal (including a presentation with questions), and a professional discussion based on a portfolio of work completed during the programme.

On completion of the programme, learners will gain the Level 7 Senior Leader Apprenticeship Certificate.
